2023 Grape List

We have top quality wine grapes available from some of the best vineyards in the region. Please place your order as soon as possible. The grapes will be delivered to 755 E. Brokaw Rd., San Jose.

The grape prices include destemming and crushing on our professional stainless steel stirring destemmer with a must pump. The grapes will be tested to determine the pH, titratable acidity, and the Brix. I can also make recommendations regarding appropriate yeasts, nutrients, enzymes, enological tannins, acid additions, malolactic bacteria and other additives to produce excellent wines.

I will call you to schedule a pickup time as soon as the vineyard manager determines the harvest date. I usually receive 24 - 48 hours advance notice of the harvest date. **Please don't call the shop to ask about the harvest date. I will not know until the day I contact you.**

Those who order first will be contacted first to select a pick up time.
All deposits will be returned if we cannot obtain a minimum of 1000 lbs in total orders. Orders can be placed at the store with cash, check or credit card. Orders can be placed by mail with a check.

White Juice is sold by the gallon:

I do not have a source for White Juice this year.

Red Grapes are sold by the pound:

100 lbs of grapes will yield approximately 7 gallons of wine or 3 lbs/bottle.
